

PRICE OF WHEAT TO REMAIN FIRM

Grain Director Says to Arbitrarily Deduce Present Figures Would Be Unsound.

SPEAKS IN MILL CITY

Julius H. Barnes Declares That in View of World Food Shortage Conditions It Would Be an Error to Lower Prices.

Minneapolis, May 6.—Julius H. Barnes, head of the United States Grain corporation, in an address at the West hotel before the Civic and Commerce association, declared that to arbitrarily reduce the resale price of wheat to a figure that would be lower than that guaranteed the producers by the government would be an economically unsound policy at the present time.

Admitting that the Grain corporation must see to it that American grown wheat must not be sold in foreign countries at a lesser price than the selling figure in the United States Mr. Barnes asserted that it is by no means an easy task to determine what the resale price of the government bought grain should be. But in view of the world food shortage conditions, he said, it would be a grievous error to artificially lower the price now.

Mr. Barnes spoke to an audience consisting mainly of millers and grain men of Minneapolis and Minnesota. Nearly 600 attended the dinner, 250 of whom are identified with the grain and milling trade in Minneapolis.

Sudden Price Decrease Unwise.
Referring in no uncertain terms to the agitation in this country for low wheat prices, the speaker did not hesitate in letting it be known that the propaganda for lower wheat prices must be answered. The Grain corporation has the authority to drop the price to any level, he explained, but to do so would be unwise, he said, "because America is a self-respecting nation and could never descend to the subsidy of the table."

Reviewing the world food situation, particularly as regards wheat, Mr. Barnes declared that the greatest demonstration of team play is taking place today in the formulation of a program for the feeding of the world—a program in the hands of Herbert Hoover.

"Mr. Hoover," he said, "began the program last November, even before the armistice was signed. From the President he secured the directions to the army to construct food stores at favorable points abroad with the instructions to resell those foods when needed by the relief organizations."

VILLA BANDS ARE ACTIVE

Situation Regarded as Serious in Northern Mexico.

Washington, May 6.—The situation in Northern Mexico is again reflected as serious in advices received here from Mexico City and the border. The State department has been advised that 3,000 employees of an American mining company at Santa Eulalia have been removed to Chihuahua City because of threats by Villa, the bandit leader.

AUTO BANDITS GET \$7,000

Three Men Hold Up Bank at Washougal, Wash.

Washougal, Wash., May 6.—Two masked men robbed the Clarke County bank here of \$7,000 in currency and silver and escaped in an automobile. Both men entered the bank and one forced the cashier and two young women assistants to hold up their hands, while the other took the money from the open safe.

SOVIET GOVERNMENT FALLS

Hungarian Regime Said to Have Surrendered to Roumanians.

Paris, May 6.—The Matin declared it had received confirmation that the Hungarian soviet government had capitulated.

The latest word from Budapest, contained in a dispatch filed Saturday noon, reported the Roumanians had crossed the Tisza river and were within 50 miles of the capital.

TROOPS PREPARING TO SAIL

Volunteers Going Abroad to Relieve Army of Occupation.

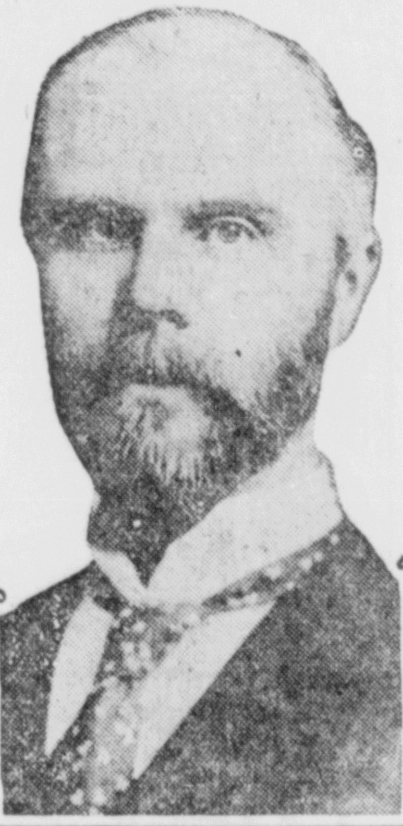

New York, May 6.—A first contingent of 1,000 of the 50,000 troops volunteering to relieve an equal number of doughboys now with the American Army of Occupation in Germany will at once sail for Europe on the transport Agamemnon, it was announced by the army embarkation authorities at Hoboken.

American Consul Released.

Washington, May 6.—Roger C. Tredwell, the American consul who was arrested by the Russian Bolshevik authorities last October, has arrived in Stockholm. He advised the State department that he was taken from Moscow to Finland several weeks ago and there released.

COL. W. B. PARSONS

Noted Engineer Made Remarkable Record in France.

Colonel William Barclay Parsons returned recently from France with the remainder of the famous Eleventh Engineers. These men were the ones who dropped their shovels and used rifles with telling effect at Cambrai in 1917. Col. Parsons is well known as an engineer and constructed the first New York subway. He made a remarkable record at the front.

TRAPPED IN BUILDING

Number of Persons Perish in Fire at Columbus, Ohio.

Several Are Killed and Many Injured by Jumping From Upper Stories of Structure.

Columbus, Ohio, May 6.—Between seven and ten persons perished, a dozen others are in hospitals in a serious condition and a score more were seriously hurt in a fire in the heart of downtown Columbus. Several killed and most of those injured jumped from upper floors of the seven-story building.

Half a dozen babes in arms were tossed to firemen with life nets. The fire started in a washroom on the second floor, trapping most of the occupants of upper stories. How many were burned to death is not known.

Uncertainty as to the number in the building when the fire began as well as to the number who escaped, makes the death list uncertain. Police reports account for seven, and another is said to have died upon reaching a hospital.

With the blaze under control after an hour's fighting, efforts were being made toward accounting for the tenants, the charred remains of several of whom firemen reported finding.

151ST TO ARRIVE THURSDAY

Copher Gunners to Reach Home One Day Earlier Than Expected.

Minneapolis, May 6.—The 151st Field Artillery will arrive in the twin cities Thursday morning instead of Friday, as it was originally scheduled, it is announced. All plans for the celebration in honor of all returned service men and nurses which were being made for Friday have been put forward to Thursday.

Members of Fighting Eleventh Engineers Who Have Not Lined Up With the "Drys"

Judging from the cheers which greeted the raising of a banner on which was the glaring inscription, "We Want Beer," there are few dries among the returning members of the Eleventh Engineers. This photograph was taken while the men were waiting to disembark from a

Preparing Peace Treaty For Presentation to Germans Tomorrow

Murderer of School Teacher Guarded from Would-be Lynchers

(By United Press)
Greensburg, Pa., May 6.—An entire troop of the state constabulary, reinforced by a score of uniformed volunteers, today surrounded the barracks where James Crawford, alleged to have confessed to the brutal murder of Emma Austraw, the Latrobe school teacher, and an alleged accomplice, John Ray, are being guarded from lynching.

Austrian-Hungarian Delegates Leave for Paris This Week

(By United Press)
Vienna, May 6.—The Austrian and Hungarian delegates will leave for the peace conference at the end of this week. M. Dartlien heads the party.

Blockade Germany in Case of Refusal to Sign

(By United Press)
Paris, May 6.—The blockade section of the supreme economic council was directed today to draft plans for the economic isolation of Germany which will be employed if coercion is required to obtain German signature to the peace treaty.

8000 Men Wanted for Siberian Service

(By United Press)
Washington, May 6.—Eight thousand men with previous military training are desired by the war department to enlist for three years service in Siberia. Three years enlistment of 360 men for Alaska are also desired.

Italy Was Not Invited Back to Conference

(By United Press)
Paris, May 6.—Supporting the American report that Italy was not invited to return to the peace conference it was learned today that the final draft of the treaty was drawn without Italy's name and it was necessary to write it in.

Hogs Reach Record Price at St. Paul

(By United Press)
St. Paul, May 6.—Hogs reached the record high price of \$20.55 on this market today.

BY FRED S. FERGUSON,
(United Press Staff Correspondent)

Paris, May 6.—With the Italian delegates speeding back to Paris the final step was being taken today in preparing the peace treaty for presentation to the Germans to-morrow.

This consisted of a secret plenary session of the conference at which the pact was prepared for presentation to the lesser allied powers for ratification. Premier Orlando and Foreign Minister Sonnino will arrive in ample time for participation in the ceremony of presenting the terms to the German delegates scheduled for three o'clock Wednesday afternoon. Admission to this meeting will be confined to the plenipotentiaries of the United States, Great Britain and dominions, France, Italy, Japan, Belgium, Brazil, Greece, Poland, Portugal, Rumania, Serbia and the Czechoslovak republic, with one secretary each, six German delegates, and newspaper correspondents.

The secret plenary session of the peace congress opened at 3:10 this afternoon.

ACCEPTS PEACE TERMS

Belgian Council Decides to Sign Treaty With Foe.

Brussels Crown Council Requests Allied Support Regarding Holland Boundary.

Brussels, May 6.—It is announced that the Belgian government has decided to sign the treaty of peace, which was discussed by the crown council here.

Paul Hymans, minister of foreign affairs and head of the Belgian delegation at the peace conference, speaking for himself and for his colleagues, Emile Vanderveelde and M. Vanderveelde, who remained in Paris, gave a review of the peace terms. He expressed the opinion that the treaty as it now stands gave honorable and favorable terms to Belgium and recommended that it should be signed.

Economic Situation Emphasized.
The council unanimously endorsed Hymans' view, but was equally unanimous in expressing the opinion that the attention of the powers should be drawn to the financial and economic situation in Belgium and to the necessity that the Allies assure Belgium complete support looking to her economic restoration.

The council was further of the opinion that the Allies should be asked to support the initiation of negotiations with Holland regarding the freedom of the Scheldt and the waterways of East Belgium.

3,000,000 IN GARDEN ARMY

May Day Enrollment Swells Total for Entire Country.

Washington, May 6.—May day enlistments in the United School Garden army brought the total number of children enrolled to nearly 3,000,000. In announcing the total membership, the bureau of education said it indicated that the 1919 goal of \$100,000,000 of foodstuffs produced on 100,000 acres of otherwise unproductive land would be reached. Fifty thousand teachers, it was said, are directing the army of children gardeners.

Illinois leads in membership, it was said, with a total of 171,300 in 137 cities. State enrollments included Ohio 145,000, Michigan 55,000, Wisconsin 20,750, and Kansas 40,000. The membership in the Philippines has reached 1,500.

CRISIS ON DVINA HAS PASSED

Anarchists Delayed Attack Too Long After River Opened.

Archangel, May 6.—After their recent repulse the Bolsheviks made two futile attempts to approach the position held by the American, British and Russian troops. A report to headquarters here said that the situation along the Dvina was quiet.

The feeling in Archangel is that the crisis on the Dvina river has passed. The Bolsheviks, it is believed, delayed too long in grasping the advantage offered when the Dvina became open for navigation.

ZARA DECLARES SELF ITALIAN

Dalmatian City Proclaims Its Annexation in Mass Meeting.

Rome, May 6.—The population of Zara, at a mass meeting, proclaimed annexation of that (Dalmatian) city to Italy, it is announced here.

Severe Storm Interferes With Trans-Atlantic Flight

(By United Press)
St. Johns, N. F., May 6.—Fog, rain and a thirty mile head wind today prevented the three naval seaplanes starting on the first leg of their trans-Atlantic flight. The aviators were scheduled to fly to Halifax and thence here. Two of the navy's destroyer squadron ran aground here early today in the storm. Neither is endangered.

Toledo Mayor Glad to Get Willard-Dempsey Bout

(By United Press)
Cincinnati, May 6.—Mayor Cornel Schreiber of Toledo, said here today he is glad the Willard Dempsey bout for July 4th goes to Toledo.

Holland Will Refuse to Give Up Ex-Kaiser

(By United Press)
The Hague, May 6.—That Holland will refuse the expected demand of the allies to turn Wm. Hohenzollern over to them for trial, was indicated on information obtained from confidential sources.

Italian Credentials Presented to Germans

(By United Press)
Paris, May 6.—Credentials of the Italian peace delegates were submitted to the Germans this morning.

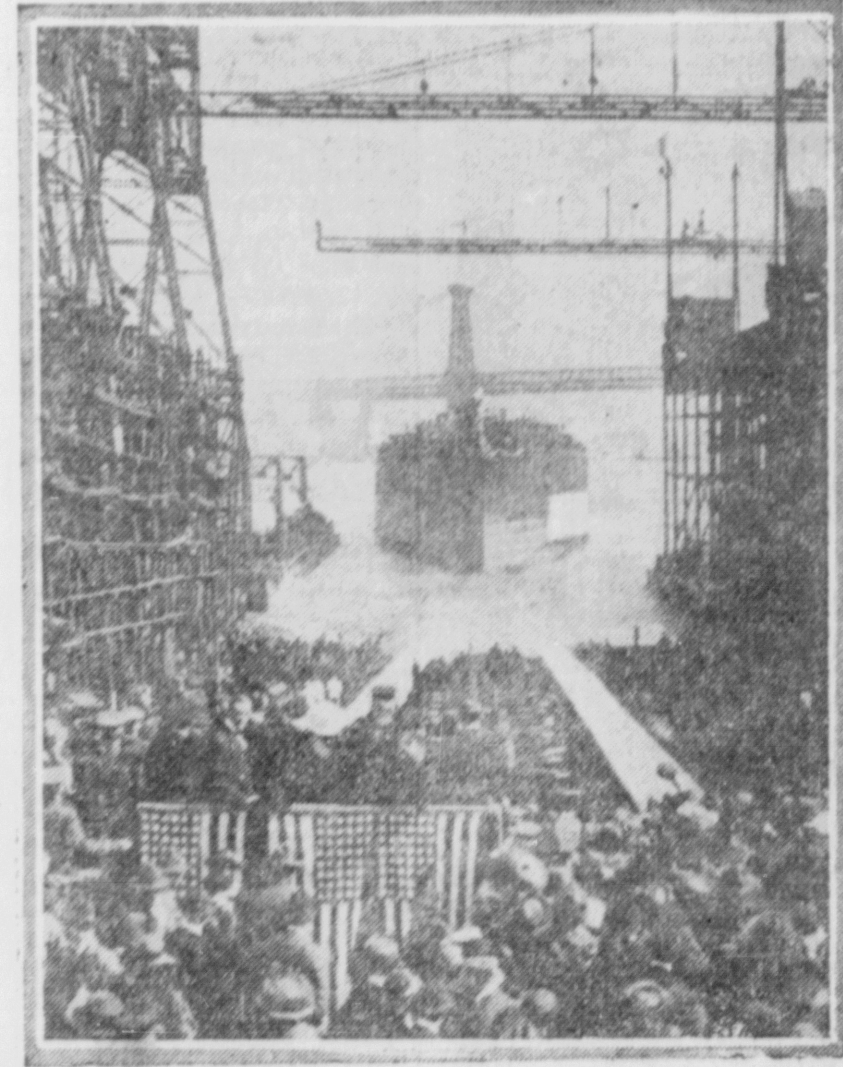

State of Siege Proclaimed in Petrograd

Tsarkoe Selo, May 6.—A state of siege has been proclaimed in Petrograd.

Transport Arrives With 1300 Men

New York, May 6.—The transport Huxtonville arrived today with 1,300 men.

Superdreadnought Tennessee Just After Leaving the Ways at Brooklyn Navy Yard

Another mighty fighting ship will be added to Uncle Sam's navy. When the superdreadnought Tennessee was launched at the Brooklyn navy yard several days ago she was 80 per cent completed. Her keel was laid in May, 1917, and she was built to a great extent during war time. The Tennessee in outline and size

JOSEPH P. TUMULTY

President's Secretary Realizes His Boyish Ambition.

The height of Secretary Tumulty's ambition as a boy was to have a pony. On his 40th birthday, he got one. It was a tiny Shetland, presented to him by a Kentucky admirer. "I felt young enough to ride it, but I'm heavier than the pony," said Tumulty, as he viewed his gift.

FEAR EFFECT ON JAPAN

Tokio Newspapers Uneasy Regarding World League.

Accuse United States and Great Britain of Making World Unsafe for Democracy.

Tokio, May 6.—Politicians and newspapers in Japan are still uneasy regarding the league of nations and its effect upon this country.

Details of the Shantung settlement were lacking. Nothing was announced by the foreign office. Newspapers call the decision a momentous Japanese victory. Asahi Shimbun, however, fears recognition of Japan's claim in the Shantung peninsula will lead to the necessity of Allied recognition of similar claims of other nations, destroying the mandatory rule principle.

Ko'umun Shimbun, organ of the bureaucratic element, still sees danger ahead for Japan in the South sea island possessions question. It urges preparation for secession from the league of nations conference at any time.

A number of editorial writers continue to charge that England and America at the Peace conference are making the world unsafe, instead of more safe for democracy. Some liken these countries' efforts to German methods.

SUPREME COURT HEARS APPEALS

Arguments Are Made in Railroad Rate Case From North Dakota.

AUTHORITY IS ASSAILED

South Dakota, Kansas, Massachusetts and Illinois Contest Right of Burleson to Raise Rates on Wire Lines.

Washington, May 6.—Authority of the postmaster general and the director general of railroads to raise intrastate railroad, telephone and telegraph rates throughout the country was argued in the supreme court in connection with appeals from suits originating in several states. Hearing on the railroad case has been finished, but arguments in the wire rate cases have not.

The appeal in the railroad case came from North Dakota, while the telegraph and telephone rate cases arose from the proceedings in South Dakota, Kansas, Massachusetts and Illinois.

Arguments for the railroad administration were made in the railroad case by John Barton Payne and Charles Donnelly, while Frank E. Packard of Bismarck, N. D., and W. Y. Tanner of Olympia, Wash., former attorney general of Washington, appeared for the North Dakota authorities.

Arguments centered principally upon the contention of the states that the government's action in fixing intrastate rates was an interference with the state police powers. Solicitor General King and Mr. Payne denied this contention but asserted that section 10 of the railroad control act as well as the joint resolution by which the government took over supervision of the wires clearly gave the President his authority.

The solicitor general argued that increasing telephone and telegraph rates the postmaster general was acting on behalf of the public, as the corporations which own the wires through government control had ceased to operate them and acted solely as the government's agents.

PRESIDENT URGED TO REPLY

Wilson May Answer Complaints of Chinese Envoys.

Paris, May 6.—Some of President Wilson's associates are urging him to reply to the Chinese complaints regarding settlement of Japanese territorial claims, it was learned.

While there is no indication yet that he will do so, it has been suggested that it would be well if the statement took the form of the situation outlined last week. At that time it was pointed out that the President hopes all "extraordinary concessions" in China will be ultimately abrogated by the league of nations, thus ousting Japan, France and Russia from their big holdings there.

TWO NAVAL AIRMEN KILLED

Machine Collides With Top of High Hydrogen Tank.

New York, May 6.—Two naval aviators, flying a naval scout plane at the Rockaway Beach naval air station, were killed when the machines collided with the top of a hundred-foot high hydrogen tank.

They were Ensign Adams and Chief Machinist Mate Corey. Their plane, one of the N. C. type, was seen to take a side spin near the tank. A wing caught in the framework and the machine plunged downward nose first.

DESTROYING WHEAT FIELDS

New Fungus Disease Appears in Illinois and Indiana.

Chicago, May 6.—The new fungus disease "take all" or "foot rot" is responsible for destruction of two fields of wheat in Porter county, Ind., according to advices received here by B. W. Snow. The disease is said to have been diagnosed by scientists from Purdue university.

The first notice of the pest in this country was received last week from Madison county, Illinois.

SECRETARY BAKER RETURNS

Says Millionth Yankee Will Sail for Home Next Week.

New York, May 6.—The one millionth man of the American expeditionary force will embark for home next week, Secretary of War Baker said on his arrival from France on the George Washington. The homeward movement of troops, Mr. Baker said, is progressing in a most satisfactory manner and he added that the 300,000 a month mark would be reached in June.

General Horvath Attacked.

Vladivostok, May 6.—An attempt was made recently on the life of Lieutenant General Horvath, Russian military commander at Harbin. His assailant attacked him with bombs, but was seized before he had carried out his purpose.

400,000 Copies Miller's Address are Distributed

The great interest taken through-
out the country in the co-operative
arrangements between the Federal
Board for Vocational Education and
the National Elks War Relief Com-
mission by which free vocational
training or reeducation is to be pro-
vided for all disabled soldiers, sailors
and marines is shown by the fact that
this week more than 400,000 copies
of the speech delivered on this sub-
ject by Representative John F. Miller
of Seattle on the last day of the re-
cent session of congress, are being
sent out in response to requests that
have come from every state in the
Union. This speech is regarded by
officials of the department of voca-
tional education as one of the best
public documents on the subject.

Congressman Miller declared that
there is no more important work be-
ing done in this country at the pre-
sent time than the reeducation of dis-
abled heroes of the great war. Noth-
ing of the kind has ever before been
attempted, he said, and it was quite
by accident that the discovery was
made that disabled men could be re-
trained and taught to do some one
thing as well as a man who had never
been injured. This discovery was
made in France at the home of M.
Schollaert, a Belgian gentleman, who
took in and cared for a number of
disabled Belgian soldiers who had no
asylum in their own country. In
their days of convalescence they hap-
pened to amuse themselves at various
trades with which they were famil-
iar. It was noted that their recov-
ery was stimulated; and those in-
capacitated from following their for-
mer trades were managing to acquire
a knowledge of some other trade not
incompatible with the injuries sus-
tained. The discovery was imme-
diately developed by the Belgian gov-
ernment by France, by England and
by Canada until it has become one of
the real and permanent benefits aris-
ing out of the war; for by this acci-
dental discovery and its growth to
present importance, civilization has
found that there is no necessity for
the existence of a man unable to
earn; that he can be of use, notwith-
standing his injury.

Farm-to-Table Plan of Parcel Post Failure

(By United Press)

Washington, April 29.—The farm-
to-table plan of the parcel post has
failed to dent the high cost of liv-
ing postoffice officials admit today.

Despite the fact that when the
measure was proposed in congress its
advocates declared it would bring
down prices of farm products, it ap-
pears to have done nothing toward
stopping the advance of butter,
eggs, poultry, meat, etc.

"There is little indication that the
parcel post will bring down war-
boosted prices for any great number
of people," declared Director of Post-
office Ryan in an interview on the
subject. He indicated the wealthy
people were about the only ones pro-
fiting by the parcels post short-cut.

"Although the department has
been working years to make this sys-
tem general, people generally seem
unwilling to patronize it," he said.
"It's much cheaper for the consumer.
I know that by personal experiment.
For several years I have bought all
my eggs from a countryman in Vir-
ginia who, by the way, I never have
seen."

"When I was stationed in Phila-
delphia I tried to introduce the sys-
tem there. I first circularized the

textile workers, thinking they would
be glad of the chance to get produce
fresh from the country at low
prices. But they failed almost com-
pletely to respond.

"Then I tried the more prosperous,
so-called, middle class. The result
was practically the same.

"Finally I circularized the rich
people. They responded rather gen-
erally.

"People seem to prefer to go to the
corner store for their produce and
pay more because it's more handy
than ordering days ahead from the
farmer. The farm-to-table plan has
not done what the department ex-
pected of it."

Under the farm-to-table plan, the
postoffice worked to bring farmer and
city consumer into contact. Post-
masters of many big cities had print-
ed and distributed circulars giving
the names and addresses of farmers
willing to sell and deliver by parcel
post their butter, eggs and produce.

Resilvering Mirror.

Select a sheet of tin-foil of required
size and pour over it three drams of
quicksilver for each square foot of
foil. Then rub the foil with buckskin
until it becomes brilliant. Lay a sheet
of paper over the foil, completely cov-
ering it, and place upon the paper a
slab of marble or block of wood with
flat smooth surface. Allow to stand
for three or four hours to "set" and
then remove the weight. If the work
has been carefully done the foil will
adhere closely to the glass. Usually,
however, it is cheaper and more sat-
isfactory to buy a new mirror than to
attempt to resilver an old one.

DISPATCH WANT ADS PAY

Insurance Man Tells of Friend's Recovery

"He suffered considerably from
gas in stomach and colic attacks,
and at times was very yellow. His
doctor, diagnosed his ailment as
sail bladder trouble and that an
operation was necessary. Some-
one persuaded him to try May's
Wonderful Remedy. Since taking
it one year ago he tells me he has
been able to eat anything." It
is a simple, harmless prepara-
tion that removes the catarrhal
mucus from the intestinal tract

RESOLUTION

Whereas, the City of Brainerd is
issuing its Refunding Bonds dated July
first (1st), 1917, to the State of Min-
nesota to cover a like amount of
funding bonds due August 15th,
1917, and

Whereas, the Sinking Fund Com-
mission, upon request by the City
Council, did on September eighteenth
(18th), 1917, take up from its avail-
able resources said issue of Fifteen
Thousand Dollars (\$15,000.00).

And Whereas, the State Treasurer
on November twenty-eighth (28th),
1917, paid to the City Treasurer the
said sum of Fifteen Thousand Dollars
(\$15,000.00), which said amount
was placed to the credit of the Per-
manent Improvement Revolving
Fund to enable the payment of con-
tract price for local and assessable
improvements.

Now Therefore, be it resolved that
the City Clerk and City Treasurer
be directed, and they are hereby
directed, to transfer said sum of Fifteen
Thousand Dollars (\$15,000.00) from
said Permanent Improvement Revolving
Fund to the Sinking Fund in re-
imbursement of amount advanced as
aforesaid.

Passed May 5th, 1919.
F. M. KOOP,
President of Council.

Approved May 5th, 1919.
R. A. BEISE,
Mayor.

Attest:
A. MAHLUM,
City Clerk.

Titan 10-20—A Safe Invest- ment for You

PUT a Titan 10-20 to work on your farm. It gives
you dependable, flexible power to run your field
machines, to be crowded in rush hours, to cut down
your horse expense, to spare the horses you keep, to run
the belt machines you own or will own, to fit you out
with real practical working farm power.

It works on kerosene that costs you a great deal less than
endless horse expense and less than half of gasoline expense.
Lasting good service is guaranteed you by Titan tractor
records and by the way Titan 10-20 is built. It has all the
strong points and qualities that means years of satisfaction.
Come in and see it.

WOMAN'S REALM

PIANO RECITAL
TO AID FAMILY

Miss Lillian Nelson Will Give a Pupils' Recital at Elks Hall on Monday Evening, May 19

BENEFIT A WORTHY OBJECT

Tickets 25c Each may be Secured From Mrs. W. F. Dieckhaus and Committee

Miss Lillian Nelson will give a pupils' piano recital in Elks hall on Monday evening, May 19. This recital is under the auspices of women of the first, fourth and fifth wards and for the benefit of Mrs. Touma and her five small children.

Tickets have been placed at 25 cents. Any one wishing to help in the sale of tickets may secure them from Mrs. W. F. Dieckhaus, 416 South Broadway.

CHURCH YEAR CLOSED

Rev. George Herbold Succeeded at Brainerd by Rev. F. M. Ohm of Madison

The Evangelical Association church of N. E. Brainerd has made annual reports at conference session held in the Salem church, Paynesville, April 30 to May 2.

Bishop Lawrence H. Senger presided. The usual amount of business was transacted with speed and in a spirit of rejoicing over all the blessings of the past year. With the exception of James Hunter who is still in Cuba, all ministerial students of our conference have returned from

service, but several preachers sons are buried in the fields of France. In spite of the flu the vital as well as the financial reports are as good as last year.

The Evangelical church of N. E. Brainerd raised the apportioned amount for foreign and home missions and benevolences for the first time in seven years, besides giving to such general needs as American Relief, Fire Sufferers, War Work, Reform Work and local charities, etc.

What is needed however is not more money only but first and foremost lives set apart, consecrated and cleansed for the Lord's whole will and testimony.

There have been few changes in this district, taken as a whole. Elder Geo. Herbold has been assigned to Maple Grove, near Minneapolis, and Rev. F. M. Ohm of Madison, Minn., will take charge of the Brainerd work beginning May 18.

Elder Herbold preaches his last sermons May 11. The last messages will be given next Sunday at 11 a. m. and at 8 p. m., a lecture will be delivered on the vital subject, "How the Preacher Went to Hell." This is of special interest in our day to everybody alike. Come!

Mothers Clubs

A meeting of the Mothers clubs of the Lincoln and Washington schools will be held on Wednesday evening at 8 o'clock at the Lincoln building.

Ladies' Aid

The Ladies' Aid of the First Baptist church will meet Thursday afternoon in the church parlors. Come prepared to tie comforters.

WOMAN'S COUNCIL
DEFENSE MEETS

Mrs. Ben Armstrong, the Chairman, Presided at One of Most Enthusiastic Gatherings Held

THE COMMITTEE REPORTS MADE

Mrs. W. H. Gemmell Brought up the Question of a County Nurse—Clinic is Discussed

Perhaps what may be considered as the most important meeting of the year of the Brainerd Women's Council of Defense, was held yesterday afternoon at Elks hall. Mrs. Ben Armstrong, the chairman, presiding. Mrs. Mal Clark led in the community singing with Mrs. Walter Wieland at the piano. Mrs. Armstrong spoke of the necessity of the continuing much of the work begun during the war, our organization being known in the future as the Brainerd Women's Community Council. Mrs. Rasch, chairman for the third ward, reported for a committee appointed to consider work for the coming year. Much of the work may be grouped under the general subject of child welfare. She spoke favorably also of the formation of thrift clubs. Mrs. Datin, a sister of Mrs. Geo. Whitney of this city, and Miss Ordahl of the N. P. hospital both Red Cross nurses returned from Base hospitals in France, gave most interesting talks of their experiences abroad. They were listened to with close and appreciative attention. Mrs. Datin and Mrs. Ordahl assisted at the end of the meeting in presenting the Block Workers with the Council of Defense service pin.

Mrs. Clark sang most beautifully responding to an encore with a touching lullaby, words and music by Dorothy Humes Parker.

Mrs. Gemmell gave a short address

leading up to the subject of the county nurse. She said the unique contribution of the women of the Council of Defense has been the block-worker system, the community council composed of these workers and also of delegates from all women's organizations and the county council. This line-up of the women is too invaluable to be lost, not only because of its working power but because of the opportunity thus afforded for the development of true democracy among women. The County Council under the chairmanship of Mrs. L. P. Hall, has tended toward the creation and development of county spirit. The county is a little world, binding together town and rural interests and no community work is complete which does not reach out through the county. The proposition of the council putting on a tag day in order that Brainerd may raise its quota toward the public health nurse was then proposed and this as well as the continuation of the council was favorably voted upon. The county nurse is already working on the range where they have appropriated their quota. She is working under the direction of the Child Welfare board and with the close cooperation of the women. Miss Garrison has a pleasing personality and is well liked and already accomplishing much good work. Mr. L. P. Hall expects Brainerd to go well over the top with its quota of \$1,000. The range towns are good for the same amount and the remaining thousand should be raised throughout the county, for \$3,000 is the amount desired to finance the work of the nurse in good shape for one year. If the work is well demonstrated for one year, by the people, we feel sure the county commissioners will then finance it. Beside Mrs. L. P. Hall, county chairman, the out-of-town guests were Mrs. Allen, Mrs. Kreiter, Mrs. Acker, Mrs. Petroberg and Mrs. Burns, children's year chairmen respectively of Crosby, Irondale, Cuyuna, Wrens and Ironton. Mrs. Allen and Mrs. Acker spoke in high terms of Miss Garrison's work.

A rising vote of thanks was taken in acknowledgement of the kindness of Elks in extending the use of their hall for the clinic and the present meeting, also to Mrs. Clark, Mrs. Wieland, the foreign service nurses and the visiting ladies for assisting in making the meeting so profitable and interesting. Tea was then served by Mrs. Dieckhaus, conservation chairman, assisted by the ward chairmen.

It is expected that all workers will remain in office as far as possible. One ward has already reported that every block worker will stand by the guns. Reconstruction work is so immediate and necessary an outcome of war work that it is no time to let up and thus lose what should be in our various communities the fruits of victory.

GLASS PLANT CLOSES DOWN

War-time Prohibition Given as Reason—700 Men Lose Jobs.

Cincinnati, May 6.—Seven hundred men were thrown out of employment when the Boldt Glass works of this city shut down its plant. An announcement was made by the company that owing to approaching prohibition it was forced to close the works, but that in case the President saw fit to lift the wartime prohibition ban, all of the men would be given work the day following.

POLICY IN RELEASING MEN

Army Will Not Give Preference to Farm Workers.

Washington, May 6.—Farm workers will not be given preference in obtaining discharges from the army, War department officials announced. In carrying out War department orders, it was stated, the War department does not consider that a general shortage of labor in farming shall be the determining factor in establishing the eligibility of an individual for discharge.

Railway Consolidation Upheld.

Washington, May 6.—Consolidation in 1914 of the New York Central and Hudson River railroad with the Lake Shore and Michigan Southern and nine other subsidiaries, was in effect upheld by the supreme court.

IT PAYS TO ADVERTISE

THREE CITIES. ON SAME DAY. GET D. B. C. PUPILS

Misses Marie Olson, Anna Anderson and Berenice Kelling, graduates of Dakota Business College, Fargo, N. D., obtained good positions on the same day in three different cities.

Miss Olson went to the Farmers State Bank, Sanish, N. D., Miss Kelling to the First National Bank, Baker, Mont., and Miss Anderson to the Iowa State Livestock Insurance Co., Fargo, N. D.

D. B. C. pupils are always in demand by northern business men. F. L. Watkins, Pres., Dakota Business College, 806 Front St., Fargo, N. D., invites questions about the D. B. C. courses of study. Summer school opens early in June.

With Americans
in Old Bosnia

(By United Press)

Sarajevo, April 5 (By Mail).—This little Bosnian city, famous as the scene of the murder of Archduke Franz Ferdinand, which was the precursor of the great world war, is now the headquarters of the United States Food Administration and of the American Red Cross, which are extending their activities to every part of the Balkans. American officers, soldiers, doctors and nurses crowd the streets.

Four and a half years of war have made little change in the ancient capital. With the exception of a small district near the Serbian frontier, Bosnia and Herzegovina was not a battle-ground and there is consequently no destruction of property. Indeed except for the wounded and sick Bosnian soldiers returning from Austria and Germany, and the presence of Allied officers and troops, one would scarcely know the country had ever been at war.

The streets are thronged with people of all nationalities and of all manner of dress. Croats, Serbs, Austrians, Germans, Turks, Italians, Frenchmen, Britishers and Americans rub elbows with one another. The cafes are always crowded. The cinemas are full at all hours and dancing is ever popular.

The slender minarets of the more than one hundred Turkish mosques, give a very picturesque appearance to the city. Nearly one-half of Sarajevo's 50,000 souls are of the Mohammedan faith.

The Turkish people here really are Slavs who embraced the Mohammedan religion. They are noted for their indolence and dirtiness. The women never work. The Serbians, on the other hand, are industrious and tidy.

The people of Bosnia and Herzegovina have great native intelligence. Many speak several languages. The educated classes are students of politics and economics. The words Liberty and Freedom are constantly on their lips. All their hope is centered in President Wilson. He is their apostle.

While there is an abundance of food in the larger cities, some of the villages are suffering severely. There is complete lack of food suitable for children and the sick. There has been an alarming increase in the number of typhus cases, particularly among the poor, many of whom have only one outfit of clothing which they never change or wash until worn out.

The American Red Cross commission to the Balkans has sent a number of doctors and nurses here to help the local authorities. The United States Food Administration is sending large quantities of flour and fats into the interior regions, where destitution is the worst.

The people and government are profoundly grateful for this help from America. On every hand you hear expressions of admiration and gratitude. It is no exaggeration to say that America stands first in the affections of the people.

Be Yourself.

The "Be Yourself" product is usually given in operation. Substitutes would not build individuality and demand of their own if they were as advertised. There is no need of substituting when the thing is all it should be. It can stand on its own merit. Initiators may judge harshly, but they can never find. The human initiator is conscious that he is acting a part. If he isn't conscious of this he is in need of repair to his mental apparatus. It's only when a man feels within him the thrill of greatness about to be recognized that he can force ahead without regard to bystanders. It won't pay to follow as a substitute. Make yourself (and the thing you represent a leader and you need make no apology for your existence.

Our Old May Friend
Syrup Sarsaparilla Compound

For nearly 100 years this combination has been noted for its rapid efficiency as a spring tonic, blood purifier, skin disease remedy and system tonic. It contains everything best for every purpose indicated. It is a fine remedy for all ages and under all conditions. We have all popular brands, but one particular kind which we consider superior.

Light Not Necessary.

The curfew caused some amusing scenes in the early days of its application, but seldom anything so unusual as the incident I witnessed, or rather did not witness, says the clubman in Pall Mall Gazette. A small company had gathered to sample the art of a very remarkable male dancer from Spain. As often happens, the proceedings began unexpectedly late, with the result that they were interrupted by the lights being unceremoniously turned out. The Spaniard, however, explained to us that he was independent of lights, and he broke into a "zapateado," which is the remote Spanish equivalent of a Lancashire clog dance. For variety of rhythm I have seldom heard anything like it and he was quite justified in saying that it could be appreciated in pitch darkness.

"CAN I BE
CURED?" SAYS
THE SUFFERER

How often have you heard that sad cry from the victims of disease. Perhaps the disorder has gone too far for help, but often it is just in its first stages and the pains and aches are only nature's first cries for help. Do not despair. Find out the cause and give nature all the help you can and she will repay you with health. Look after the kidneys. The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering and throwing off the poison that constantly accumulates in the system, everything goes wrong. GOLD MEDAL Haaslem Oil Capsules will give almost immediate relief from kidney and bladder troubles and their kindred ailments. They will free your body from pain in short order. But be sure to get GOLD MEDAL. Look for the name on every box. In three sizes, sealed packages. Money refunded if they do not help you.

WOMEN! DRY CLEAN

THINGS AT HOME

Try it! For a few cents you can dry clean everything.

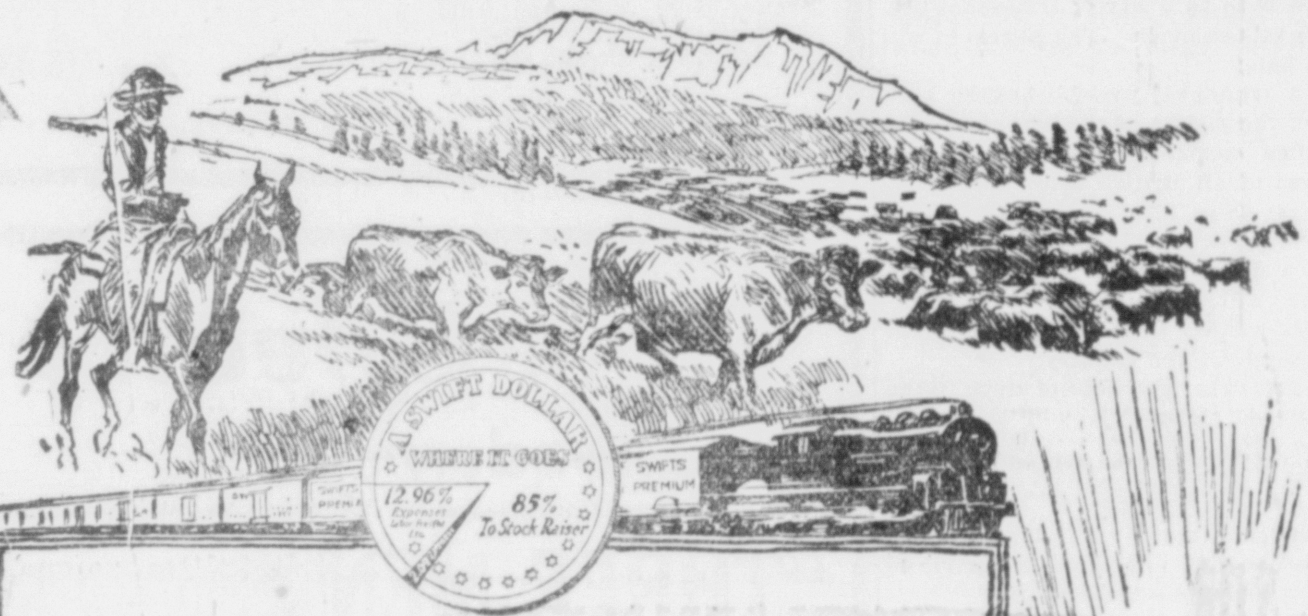

Save five to ten dollars quickly by dry cleaning everything in the home with gasoline that would be ruined by soap and water—suits, coats, waists, silks, laces, gloves, shoes, furs, draperies, rugs—everything!

Place a gallon or more of gasoline in a dishpan or washboiler, then put in the things to be dry cleaned, then wash them with Solvite soap. Shortly everything comes out looking like new. Nothing fades, shrinks or wrinkles. Do not attempt to dry clean without Solvite soap. This gasoline-soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning, costs little at any drug store. Dry clean outdoors or away from flame.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, Ohio. Sold by all Druggists, 75c.

The Flow of Meat

Two-thirds of the live stock in the United States has to be raised in the West.

One-half of the consumers of meat live in the East.

In other words, most of the live stock is one or two thousand miles distant from most of the people who need it in the form of food.

Fifty years ago, when live stock was raised close to every consuming center, the country butcher could handle the job after a fashion.

But the job got too big.

Now millions of animals have to be moved hundreds of miles to millions of people. Somewhere on the way they have to be turned into meat.

The packers solved the problem. They set up plants where the "live haul" and the "meat haul" were in the right balance. They eliminated waste. They built up distributing systems—refrigerator cars, refrigerating plants, branch houses. They saved time, money and meat everywhere. The stockraiser benefited in better markets and higher prices; the consumer, in better meat and lower prices.

As the country grew, the packers had to grow, or break down. Because of its present size and efficiency, Swift & Company is able to perform its part in this service at a fraction of a cent per pound profit.

PROFITEERING

While some of the great corporations undoubtedly exact enormous and wholly unwarranted profits from the consumers for their goods, the desire to get high prices is not monopolized by the big corporations. A story is told of a farmer who desired to buy a buggy. He wrote to a manufacturer of buggies, of whom he had bought a buggy several years previous, for prices. The prices quoted him were much higher than he had paid several years before. He replied charging the manufacturer with profiteering, citing the previous purchase at a much lower price. On looking up his records the manufacturer found the previous purchase had been paid for in wheat. He then cited the fact to the would-be purchaser and told him if he would send him the same number of bushels of wheat he would not only send him the same buggy, but a kitchen stove and kitchen cabinet besides.

HUNNISH NERVE

According to the press dispatches Germany will present a counter claim to the allies for \$13,650,000,000, due she will contend, as compensation to the German people for injury caused by starvation, underfeeding and malnutrition as the result of the allied blockade. The claim is characteristic of the hun, but while they were at it they overlooked a bet. Why not make a claim of ten or twelve billions for the loot they missed in not being able to take and sack Paris, and the 25 billions they were not able to collect in indemnity from America because they were defeated by the allies. These claims would be just as legitimate.

Explanation.

"You were a very long time going on that errand, Tommie." "Yes, mother; but, you see, I'm entered in a race at school tomorrow and I wanted to save my speed."—Pearson's Weekly.

EVANGELISM AND THE 2ND COMING OF CHRIST

Was the Subject of Rev. Nygren's Discourse at the Bible Conference Last Night

SESSION WAS MOST PROFITABLE

"The Prominence of the Lord's Return in Scripture," the Topic for Tonight

Tonight at the Bible conference Rev. W. L. Porter, pastor of the East Presbyterian church of St. Paul, will speak. His subject will be "The Prominence of the Lord's Return in Scripture." He has been heard several times in Brainerd pulpits and will be listened to with a great deal of interest this evening. The session will begin promptly at 7:45 with a song and short devotional service.

Yesterday afternoon Revs. Porter and Welliver conducted the Conference Bible study. It was a profitable session. The former minister gave a devotional talk and the latter made a study in the book of Revelation. These men will have charge throughout the conference of the afternoon program and those interested in Bible study are asked to bear it in mind. The afternoon hours are from 2:30 to 4:15. The intention is that these hours be strictly observed. The morning devotional hour is from eleven to twelve.

Last night Rev. David F. Nygren spoke on the subject, "Evangelism and the Second Coming of Christ." It was a splendid presentation of the subject and full of thrilling interest. The church was filled with attentive listeners. The speaker set forth the Scriptures which predict the second advent in clearest manner proving that the return of Christ is not a fantasy but the plain revelation of God's word.

The song service was lead by Rev. Porter and the announcements were made by Rev. Lowrie. Collection will be taken throughout the meetings for the expenses of the conference.

Mr. Nygren said last evening that "the doctrine of the Lord's return has been preached by every great soul winner from the time of Spurgeon to that of Billy Sunday. It is a prominent teaching in the Methodist missions of China and the Presbyterian missions of Korea. The Bible said little about baptism but a great deal about the coming of Christ. It is the message needed for this present day when problems are multiplying with marvelous rapidity.

"It is not an inspiration to think that one is going to die but it is an inspiration that one may escape 'the last enemy' by the coming of the Lord.

"The condition of the world at the coming of Christ will be 'as it was in the days of Lot, of Noah and the flood. There will be little peace on

earth until Christ comes. War will have its place as the final court of appeal for the nations and revolutionary parties till that great event. Christ will establish His kingdom here and take away the curse from the earth."

A cordial invitation is extended to all for these sessions of the Bible conference.

RAISE HARES AND CUT LIVING COSTS

Professor E. L. Washburn Issues Bulletin on Culture of Rabbits for Use as Food

LOW PRICES MEAT THWARTED

Bulletin Tells How to Buy, Keep, Feed Animals and to Prepare Them for the Table

Families wishing to thwart high prices of meat and the same time practice meat conservation, without being deprived of meat as a table food, are advised to grow Belgian hares and allied breeds, in a bulletin prepared by Prof. F. L. Washburn, division of entomology and economic zoology of the University of Minnesota, issued recently by the agricultural extension division.

The bulletin offers data on every phase of the culture, giving points to be observed in buying the first animals, best methods of keeping and feeding, care of the hares, and even recipes for the preparation of the meat for the table.

"In giving these instructions it is assumed that the breeder is a beginner proposing to raise meat for his family rather than one intending to establish a business on a commercial scale, an enterprise for which the middle west seems hardly ready.

Meat is of Good Quality
 "The meat is not like that of the cottontail or snowshoe rabbit or that of the prairie hare, being much more delicate and lighter in color, that of the hind quarters being nearly as white as the breast of a chicken.

Coast Yachting Starts

(By United Press)
 San Francisco, May 6.—The yachting season for the San Francisco Bay region was ushered in Saturday with the opening day cruise of the San Francisco Yacht Club, and until October 26, the date of the closing sail, the club members will have a busy season of cruises, regattas inter-club races, smokers.

Practically all of the yacht clubs of San Francisco, Oakland, Alameda and Berkeley will have their summer season programs under way within a week.

DISPATCH WANT ADS PAY

AMUSEMENTS

"Turn to the Right"

Brisk fun, youthful romance and an atmosphere of green fields and scented orchards, invest "Turn to the Right" with rich appeal to city dwellers, and during its long run on Broadway it lured thousands back to the Gaiety theatre to view it again and again. Like the tried and true friends of one's youth, frequent contact with its lovable characters deepened the attachment and brought fresh enjoyment with each visit.

The announcement that "Turn to the Right" is coming to Brainerd with the brilliant and distinguished New York cast will be hailed with delight. To feel the thrills, the heart throbs and the surprises of this modern comedy classic will be a privilege that the theatre affords only once or twice a season. It is the one play of the generation for the whole family, without a frown or a blush in its entire action. There are no sex problems, no risqué dialogue or no situations to cause uneasiness to the man who has brought his wife or daughter.

The title, "Turn to the Right" is taken from the story of an erring boy's regeneration through the Christian influence of his old-fashioned mother. Joe Bascom is a type common to every small town in America. An honest-hearted exuberant youth, he leaves his home and his boyhood sweetheart to win riches in the city. Seven years later he returns stamped with a prison record.

On the day of his home-coming the little homestead is threatened with seizure by the village skintflint, Deacon Tillinger, for non-payment of a grocery bill of \$125. With the reunited Bascom family facing this crisis, two of Joe's former prison pals, "Slippery Mugs" and "Dynamite Gilly" happen along. This nimble witted pair takes quick action in raising the amount necessary to save the farm and they remain to harvest a bumper crop of peaches. Through the influence of Mother Bascom the three youths are thoroughly reformed and they wax prosperous in the manufacture of peach jam from a recipe which has given Mother Bascom local renown.

The raising of the money to save the farm provides one of the great surprises of the play. The stage has known nothing funnier or more ingenious and it will be better enjoyed if not forestalled in print.

At the Best Today

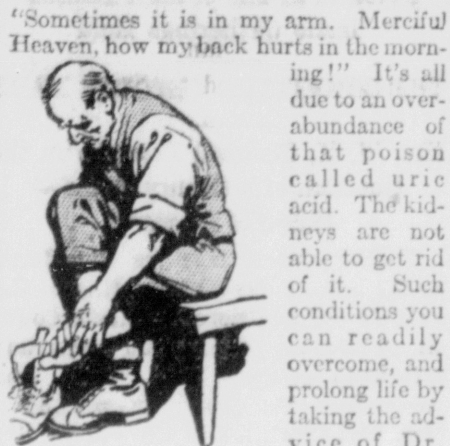

"The Stronger Vow," most powerful of all Geraldine Farrar screen offerings, is at the Best theatre today. A thrilling, gripping drama of the Apache haunts in Paris, "The Stronger Vow" depicts the story of a blood feud that has laid its tragic hand upon two old Spanish families. Geraldine Farrar as Dolores de Cordova, one of the last of a family that has for almost a century made war on the house of Estudillo is terrified by the news that her brother Jose, has been stabbed to death at an Easter carnival in Lerida. Her designing relative, Pedro Toral, is made frantic by Dolores' flirtation with a handsome stranger, whom he suspects as Juan Estudillo. Learning that the stranger has gone to join the embassy in Paris, Toral accuses him of the murder and forces Dolores to take the blood vow to avenge the killing. Her search takes her to the French Capital, where she weds the Marquis de Valera, formerly Juan Estudillo. On her wedding night she learns that she has married the man she has sworn to kill. Refusing to kill her husband, Toral and a band of Apaches capture her but she fights her way to freedom when Toral is revealed as the murderer of her brother.

Add Hun Horrors-- the 1919 Taxicab

(By United Press)
 Berlin, April 19 (By Mail)—You've got to have a horsehoe hanging from your neck, and that horsehoe has to be functioning, too, if you even expect to get a taxi, either horsepower or gas-power, in Berlin these days.

Furthermore, you're not going to hop in and say, "Take me to the Potsdamerplatz," because you can't get away with that any more. First of all, you've got to run along beside the taxi, making offers, and maybe "His Highness" on the seat will stop, and maybe he'll only slow down while you talk to him. If he doesn't like your offer, he doesn't stop.

Maybe he'll agree to take you near Potsdamerplatz, with the remark that he's going that way, but not so far. Berlin chauffeurs and drivers say it doesn't do to let the public go where it wants to—it spells the public to be able to tell a taxi man where to go. These are days when the proletariat shall dictate.

"Gee-Whiz! How it Hurts!"
→The Pain in My Foot!"

"Sometimes it is in my arm. Merciful Heaven, how my back hurts in the morning!" It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is "Keep the kidneys in good order."

"Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuric." This can be obtained at almost any drug store.
 Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late. Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package.

London Plans Big Peace Celebration

(By United Press)
 London, April 15 (By Mail)—London is to be a city of triumphal fiestas this summer. The pageants will include:

A triumphal parade through London the middle of the summer of the Allied commanders and representatives of all British army corps, services, ships and regiments which have taken part in the war, together with delegations from allied armies. This will be the climax of a three-days' victory holiday, to be observed throughout the country.

The date will depend upon when peace is signed. It will be one of the most elaborate demonstrations ever attempted in London.
 A victory parade of the city of London troops—i. e. troops with headquarters in London—followed by a review by the King.

Receptions to President Poincaré, the King of Italy and the King of Belgium.

And there will be many others, to be arranged later.

If We Say It, It's So.
If It's So, We Say It.

DISPATCH ADS BRING RESULTS

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

"Oh You Women"

Presenting

"Ernest Truex and Louise Huff"

Geraldine Farrar ventures from the romantic and dramatic atmosphere of the Pyrenees in Spain down to the dregs of civilization—an Apache den in Paris, surroundings vastly different from her recent success, "Shadows," which revealed her as a dance hall girl of Alaska as well as a society leader in the East.

A roaring comedy making fun of the feminine foibles of today—fighting with ridicule the employers who won't give back the jobs to the soldiers.

Camel Cigarettes

CAMEL cigarettes win smokers from the start because the expertly blended choice Turkish and choice Domestic tobaccos make possible Camel's delightful mellow-mildness with that all-there "body."

Camels meet your fondest cigarette fancies in so many ways. Their flavor is unusual and refreshing; and, they permit you to smoke as long as you will without any unpleasant cigarettey aftertaste or unpleasant cigarettey odor. They're simply a cigarette delight! That's the way you'll put it!

You'll find Camels good all the way through. It is a fact, you'll prefer Camels expert blend of choice Turkish and choice Domestic tobaccos to either kind of tobacco smoked straight! And, Camels may be smoked liberally without tiring your taste.

To know Camels best compare them in every possible test with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages, or ten Ager (200 cigarettes) in a glass-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

PRESENT COUNCIL IN LAST SESSION

Egan Novik, 616 Northeast Fourth Avenue, Gives Notice of \$10,000 Damage Suit Against City

CLAIMED DAUGHTER HURT ON W

Council Authorizes Sewer at Ball Park Repaired so the Park Can be Used With Safety

All members were present at the last session of the present council on Monday evening.

Egan Novik, of 616 Northeast Fourth Avenue, through his attorneys, Swanson & Swanson, filed notice of a claim for damages of \$10,000 against the city, alleging that his minor child, a daughter Tressa, was injured March 29 on Evergreen avenue by falling through a decayed plank and breaking her arm. The claim was placed on file.

Residents along Cora street, West Brainerd, living between Third and Seventh streets, asked that it be graded and the petition was referred to the city engineer.

G. S. Swanson and John Leak asked to buy some black soil near the old pump house. The water and light board had given its approval, said Mr. Swanson, and so the council did too and set the standard price for black dirt at 50 cents a load.

R. D. King asked for a renewal of his cigarette license which was granted.

The matter of E. S. Whitlock's application to connect with a lateral sewer, as presented verbally by Alderman K. A. Gustafson, was freely discussed and then referred to the aldermen of the ward and the city engineer.

The Brainerd Baseball club's petition to have the Koering ball park sewer repaired and made sanitary and safe was granted and the city engineer was instructed to proceed with repairs. The idea, as explained by the club officers, was to have the repairs made quickly so as to permit the team to practice on the grounds. Permission was also accorded to have the city teams and men level off ball grounds where cut up by sewer repairs, etc. On the motion being made by Alderman Lyonals and seconded by Alderman Ole Anderson it carried unanimously.

Public Examiner Andrew E. Fritz wrote that deputy examiners, as requested by the city, would arrive about the middle of May and make their audit of city books.

H. R. Griebel of 1393 Eighth street was given permission to make a garden plot in part of the street near his home on Willow street. Mr. Griebel gave his occupation as that of a commercial photographer.

Alderman Fremont Tureotte called attention to the dumping grounds in West Brainerd and that the clean-up of some years past had its influence entirely nullified by trespassers who dumped where they pleased and had even twisted the signs about so that an outsider would presume he could dump anywhere and everywhere.

Alderman W. J. Lyonals called to the attention of the council to what he asserted was a practice of the gas company to allow refuse to tumble down the bank back of their power station.

City Clerk Anton Mahlum read his report of receipts and disbursements for April. The report of the chief of police, John D. Gile, indicated \$110 in fines collected.

Routine bills were allowed and ordered paid.

Alderman J. H. Strickler brought up the matter of the old balance which the water and light board claimed the city owed them and urged that some measure be taken to have the old score wiped off the books.

LAWYERS BANQUET

Crow Wing County Bar Association
Feet at the Ransford Hotel
This Evening

The annual banquet of the Crow Wing County Bar association occurs at the Ransford hotel at seven o'clock this evening. After the banquet a fine program will be enjoyed. Judge W. A. Fleming, the president of the association, will preside as toastmaster. Judges McClenahan and Stanton, of the district court, will be guests. Election of officers for the ensuing year will be held.

Notice

The Benefit Association of Railway Employees is giving a supper and dance at their regular meeting, Tuesday, May 6, at Odd Fellows hall. All members and policy holders and their families are invited. Lodge opens 7 P. M. and will be open to the families at 8 P. M.

28412 C. BRUHN, Secretary.

OLD PAPERS—5c BUNDLE

CROW WING COUNTY TRIUMPHANT FINISH

County Chairman Carl Zapffe Assured the County as Usual Will Make Quota in Fifth Loan

ALL WORKERS ENTHUSIASTIC

Some Sections of the Ninth Federal District Reported to be Lagging Behind

Figures compiled today at the Liberty Loan office show that Crow Wing County again went "over the top." The county quota was \$450,000. To date \$506,000 have been subscribed and when its returns from the Pequot district are received and if complete returns from all the districts, a total may reach \$535,000.

The total subscribed in Brainerd is now \$208,000, or \$18,000 over its quota. Each district that completed its drive oversubscribed about 10 per cent.

The Pennington Mining Co. subscribed \$5,000 today to the credit of the Ironton district.

The following lodges of Brainerd subscribed: Young Peoples society, Swedish Lutheran church, \$50; B. P. O. Elks No. 615, \$300; Retail Clerks Union, \$50; A. O. U. Workmen, No. 27, \$100; F. O. Eagles, No. 287, \$200.

Reports from Minneapolis show that the Ninth District has raised \$126,000,000, leaving \$25,000,000 yet to raise.

SEED POTATO QUESTION DISCUSSED AT CHAMBER

F. Benz of Toppenish, Wash., an Expert. Spoke Interestingly on This Timely Subject

SUBMITTED HIS FORMULA

Which is Printed in Full Below for the Guidance of Potato Raisers of the City

The meeting at the Chamber of Commerce last evening to hear Mr. F. Benz of Toppenish, Washington, discuss seed potatoes was fairly well attended although not as large as was hoped for.

Mr. Benz gave a very interesting discussion on the subject and spoke strongly in favor of Northern Minnesota seed potatoes for the state of Washington and west generally. Our earlier varieties of potatoes are shipped south for seed and returned from there as early potatoes in many cases.

The particular variety that the state of Washington is interested in is the Russett Burbank which is successfully grown in Northern Minnesota. Mr. Benz states that this potato is known in Washington as the Shredded Gem and that it is an A-1 tuber in every respect. These potatoes find a ready market east and west and Mr. Benz recommends strongly that potato growers in this section devote their time and attention to growing such varieties as can be sent elsewhere for seed, where they bring top-notch prices and the orders are always certain to be repeated. He stated that he could handle many more potatoes for seed purposes than he is able now to secure here.

Valuable Formula

A very valuable formula for the treatment of potato plants was given by Mr. Benz and copies of this will be mailed out to farmers by the Chamber of Commerce. The Dispatch is pleased to publish this formula in full:

Potato seed should be selected, stored and treated with care according to best known methods. At this time of the season, several weeks prior to planting the seed should be chemically treated. Potatoes and culls in which they are to be handled should be dipped into a solution of corrosive sublimate and water. The formula is four ounces of corrosive sublimate to 20 gallons of water. The first two batches should be in the solution one and one half hours, and the third and fourth, one hour and 45 minutes and fifth and sixth two hours each respectively. The second day the solution should be strengthened by adding two ounces of corrosive sublimate to every 20 gallons of water in the container and the operations repeated as during the first day. After the second day the solution should be discarded and renewed for the third day's operation in the same manner as the first batch, according to rules of the first and second days respectively. Formaldehyde treatment because of its ineffectiveness is very wasteful and is not recommended to be used as it is only applicable in fighting common scab and nothing else. The corrosive sublimate solution being very poisonous must be kept from livestock. The solution must be kept in wooden or earthen containers, metal will oxidize the solution and neutralize it and the container will be eaten by the solution in a short time. This treatment destroys the fungi or germs of the black scurf or rhizoctonia, and common scurf, the most common skin disease.

DISTRICT COURT MAY TERM STARTS

Judge W. S. McClenahan Charged the Grand Jury, Called to Meet at 10 O'clock in Morning

PERSONNEL OF THE JURY GIVEN

Petit Jury Summoned to Meet at the Court House at 9 O'clock on Wednesday Morning

District court, May term, opened this morning with Judge W. S. McClenahan on the bench.

The following is the personnel of the grand jury as drawn for service: City—Thomas Evans, Thos. J. Johnson, Robert Campbell, A. C. White, Daniel Doran, E. P. Slipp, James Cullen, P. A. Stendal, John A. Hoffbauer, E. O. Webb, John Cochran, Swan Johnson.

Ironton—Theodore Grimstad, Henry Tabert.

Baxter—A. R. Cass.

Crow Wing—P. B. Anderson, Andrew Smith.

Merrifield—T. L. Smedes.

Platte Lake—Henry Grand.

Garrison—Charles E. Barnard.

Daggett Brook—John Fallon.

Deerwood—Fred Winquist.

Bay Lake—L. P. Hall.

The petit jury, 24 men, meets on Thursday, May 8, at 9 A. M. and these were drawn:

City—C. F. Hukari, Julius Anderson, Ole Dahl, C. L. Burnett, J. W. Gabiou, Sievert Olson, H. J. Hotchkiss, A. C. Peterson, Clarence Smith, J. A. Carlson, David Ebinger, Gust Norquist.

Deerwood—Wm. Elmore, Peter Highfield.

Ironton—A. H. Edwards.

Shortly after charging the grand jury, Judge C. W. Stanton of Bemidji, arrived and succeeded Judge McClenahan.

The roll of the grand jury was called all were present except six. Of these six, one T. L. Smedes of Merrifield was reported dead; four were excused being Thomas G. Johnson, superintendent of The Northwest Paper Co.; Robert T. Campbell, city engineer, busy with contracts of water and light board and work of new incoming council; E. O. Webb, head of Parker & Topping Co. foundry; L. P. Hall of Bay Lake; one jury member Charles Barnard of Garrison was late and did not appear at the opening of court.

Judge McClenahan opened court at 10 o'clock and at 10:30 excused the jury to 11 o'clock, when it was expected Judge C. W. Stanton would arrive from Bemidji and charge the grand jury.

Judge McClenahan then heard a motion in the case entitled, Raistakka vs Maattala, on the part of plaintiff to reopen the case and set aside a dismissal last session secured by defendant's attorneys, Murphy & Cook of Crosby, and stated at its close "The case could not be heard at this term anyway," and took it under advisement.

At 10:45 Grand Jurymen Charles Barnard arrived.

Judge C. W. Stanton then presided in court and charged the grand jury, explaining their duties and privileges. He appointed Fred Winquist of Deerwood foreman.

The jurymen retired in charge of W. W. Winter, bailiff, and elected as their clerk, John A. Hoffbauer.

FUNERAL TODAY

Remains of Alfred G. Brockway Laid to Rest in Evergreen Cemetery in Brainerd

The remains of Alfred G. Brockway, former Brainerd citizen who passed away at a Fargo hospital, were laid to rest in Evergreen cemetery on Tuesday afternoon.

Mr. Brockway came to Brainerd in 1884 and lived here for 28 years, during which time he served more than 15 years on the Brainerd police force. For the past five years he has lived on a farm near Cass Lake, where he had made fine improvements and had some good blooded stock.

He died at a Fargo hospital from heart failure. He had been ill about three weeks and was brought to Fargo ten days before for treatment, but failed to improve and gradually grew weaker until the end came.

Surviving Mr. Brockway are the widow, two sons, Fred G. Brockway of Cass Lake and Philo Brockway of Fargo, and three daughter, Mrs. J. H. Hess of Fargo, Mrs. W. D. Smallwood of Minot and Mrs. D. W. Burison of Logan, Mont., all of whom were with him when he passed away.

Funeral services were held in the Waseem chapel at Fargo on Monday, Rev. Ralph W. Hobbs, pastor of the First Baptist church officiating, and the body was then taken to the old home at Brainerd for interment on Tuesday.

PASSPORTS ARE HARD TO OBTAIN

Restrictions are so Tight that Only Americans on Business Trips are Permitted to Leave

DEPARTMENT OF STATE RECORD

Reasons Which Fail to Gain the Document, Ban Seems on Everything Except Business

For some period after the armistice and subsequent signing of the peace treaty it appears that European travel will be greatly restricted.

There are Brainerd people desiring to make ocean trips and the following paragraph from a New York paper will explain the situation.

The present passport restrictions are so tight that only American citizens who are seeking to go to Europe on business are permitted to leave the ports in this country. The department of state has declared that "it does not deem it advisable at this time to issue passports to European countries or Siberia for any of the following reasons: visiting parents, relatives and friends, attending to legal business, settling estates, looking after personal property, renewing leases, resuming previous residence, temporary residence abroad for health or education. Thus, the only class escaping the ban is that which seeks business."

NAVY RECRUITING OFFICER HERE

A. S. Glover, Yeoman, U. S. navy, is in the city recruiting for the navy with headquarters at the postoffice.

Men with slight machine shop or electrical experience may enlist in either of those lines and will be given extensive training by the navy department.

Applicants 17 years of age must secure written consent from their parents. It is suggested that all men interested in the navy see Mr. Glover at the postoffice where they may obtain particulars relative to enlistments.

Smart Belts are a Pleasing Diversion of the Latest Suits

Never have belts achieved such importance as they assume on these smart spring suits. They are narrow--so slender, in fact, that one wonders how they are able to resist frequent tings. But the excellent quality of material used is also an interesting feature which makes choice of your Spring Suit now highly advisable.

Petticoats of Every Hue and Many Fabrics

While they have sacrificed their width, these new Petticoats have added materially to their smartness. In taffeta, silk Jersey and messaline they provide many fascinating diversions in the way of trimming. Some of them are ruffled or tucked; others are flounced and a few are severe in cut but irresistibly scalloped around their hems. In all wanted colors.

CELEBRATE SOLDIERS RETURN

Twin City Celebration on Thursday
—Soldiers Relatives Can Get Tickets Here

Advices from the Twin Cities indicate that the 151st Field Artillery will arrive from New York on Thursday morning of this week and plans for the monster parade and celebration in both Minneapolis and St. Paul have been advanced one day, to Thursday. A number from this city will attend the celebration.

The Brainerd Commercial club has received an invitation to distribute tickets for the reviewing stand in St. Paul through the courtesy of the St.

Paul Association and a canvass was made of near relatives of returning soldiers to discover who would like to take advantage of this courtesy. Thus far but few responses have been received at the office of the secretary and those who wish tickets are urged to make it known at once. Four Crow Wing county boys were with the 151st Field Artillery in service in France.

To Organized Labor

Greeting:

You are hereby officially notified that the **BRUNSWICK PHONOGRAPH STRIKE HAS BEEN SETTLED.**
The firm granting every demand of the union:

Recognition of the Union.
The Union Scale of Wages.
The Shorter Work Day.
The Re-employment, without discrimination, of every member who went on strike.
None but Union Men to be hired in the future.
The immediate discharge of every Strike Breaker.
Improved Working Conditions of the factories.

We fully appreciate the fact that the successful termination of this strike was due entirely to the united co-operation of organized labor. The Metal Polishers International Union deeply appreciates this and extends its sincere thanks. Kindly notify all dealers, the press and the general public that this strike has ended.

With kindest wishes for the general success of the labor movement, we remain,

Fraternally yours,

W. W. BRITTON

President.

Attest:

CHAS. R. ATHERTON

General Secretary.

It Depends.

Whether a woman is good-looking depends largely on whether you are speaking of her face or to her face.—Wilmington News.

SPORTS

IRONTON MAN WITH MINNEAPOLIS

Sunday's Minneapolis Tribune had this complimentary reference to Harry Wolfe of Ironton, now with the Millers, written by F. R. Coburn:

There is no question about Harry Wolfe holding down his job this season. The Ironton, Minn., boy has shown form that is pleasing to every one of his fellow players with whom he is immensely popular. He is just a little bit ragged, of course, on third base play as yet, but is learning every day and has the nerve to tackle anything. He is showing well at the bat and it was his last triple last Sunday at Columbus which helped the Millers to their victory. Lindberg is another Minnesota boy with the team but hasn't had much chance yet on the mound. However, he showed so much promise last year that it is evident he needs nothing but experience to take rank with the league's best left handers.

Twilight League Seeks Teams to Enter Circuit

Duluth Twilight league has issued a call for additional teams. All those wishing to enter the circuit are asked to report at the meeting to be held Tuesday night at the city hall. The teams that were in the league last year and their managers are as follows: Glass Block, C. Deppe; Northern Hardware, W. B. Neipp; Sorensons, O. Strand and Enger & Olson, Sather.

Woman Joins Ranks of Professional Hunters

(By United Press)
Lehi, Utah, May 6—A woman has joined the ranks of professional big game hunters and trappers. Mrs. William Ritter has been appointed a hunter and trapper for the State Livestock Board and is spending summer exterminating predatory animals menacing livestock.

B-G Team to Practice Three Times a Week

(St. Cloud Journal-Press)

Manager Lawrence Farrell of the Bloomer-Guthman baseball team announces that hereafter practice will be held every Tuesday and Friday evening at seven o'clock out on the old Athletic diamond. Workouts are also scheduled for every Sunday afternoon at two o'clock until the season opens.

The B-G. team will represent St. Cloud in the newly organized Central Minnesota League which will begin the official playing season on May 30th.

Other cities in the association are Staples, Brainerd, Little Falls, Ironton and Crosby, all of whom have had exceptional strong line-ups in the field in recent years.

Three Coast Colleges Met on the Water

(By United Press)

Oakland, California, May 6—Varsity and freshman eights of the University of Washington and Stanford University competed with the University of California in its annual inter-collegiate regatta on Oakland Estuary.

Each college is entering a much stronger crew than believed possible earlier in the spring owing to return of former stars from army and navy service.

The race this year was over a three mile course. In other years, the course has been two miles but the lengthening is expected to result in a more satisfactory test.

Interstate League

St. Paul, May 6—The Interstate Baseball League opened its season at New Richmond, South St. Paul and Stillwater. Hudson played at New Richmond, Whitebear at South St. Paul and the Hotel Shermans at Stillwater in the opening games. There are only six clubs in the League. F. W. Gosewich is president.
